

Ergro® Set 20G

5-1-0

Additive Root Enhancer for Granular Fertilizers

DESCRIPTION

Ergro® Set 20G is an additive root enhancer designed to optimize the initial fertilization program.

Ergro® Set 20G is recommended for all agricultural crops effective to stimulate and promote plant growth.

Ergro® Set 20G contains Nitrogen, Phosphate and essential micronutrients to provide good nutrition.

MAIN BENEFITS USING Ergro® Set 20G.

- Activates soil fertilizers and improves assimilation
- Increases Micro Flora
- Promotes root formation
- Excellent plant aerial development
- Promotes more vigorous plants
- Increases quality and crop yield

APPLICATION

Ergro® Set 20G is manufactured with a maximum absorption Granular Carrier ready to be mixed with granular fertilizers due to its uniformity and specific weight.

The mixture of **Ergro® Set 20G** with urea must be applied immediately. Do not store.

Apply the mixture of **Ergro® Set 20G** with fertilizers using its normal application system.

IMPORTANT

In order to immediately confirm the benefits of **Ergro® Set 20G** follow your regular crop practices without **Ergro® Set 20G** on a small area of your field and leave it as a check plot. In another side of your field follow your regular crop practices and add **Ergro® Set 20G**. After 20-30 days compare your crops. You will be able to see the difference in emerging, rooting, and weight of plant mass. Furthermore, at harvest time you will see the difference in the production and quality.

CAUTION

Ergro® Set 20G is non toxic when used as directed. If mixed with pesticides, please follow the label directions of those products.

Do not store with food products. Do not reuse the container, destroy it. Do not leave within the reach of children.

GUARANTEE

Ergro® Set 20G components are guaranteed. However, as we do not have any control in its use we take no responsibility for the results obtained.

RECOMMENDATIONS AND DOSAGE

Crop	lb/acre
Cotton	30-60
Garlic, onion	35-55
Green beans, beans and soy beans	25-45
Sugar cane	45-65
Saffron, sorghum, corn	25-55
Rye, rice, wheat	25-45
Vegetables	45-70
Potato	35-60
High portage fruit trees	55-90
Low portage fruit trees	35-55

Apply at planting or transplant mixed with the soil granular fertilizer

GUARANTEED ANALYSIS

Total Nitrogen (N)	5.0%
2.30% Nitrate Nitrogen	
2.70% Ammoniacal Nitrogen	
Available Phosphorus (P ₂ O ₅)	1.0%

Inorganic:

Calcium (Ca)	0.80%
Magnesium (Mg)	0.20%
Sulfur (S)	4.0%
Boron (B)	0.02%
Cobalt (Co)	0.001
Copper (Cu)	0.06%
Iron (Fe)	0.50%
Manganese (Mn)	0.20%
Molybdenum (Mo)	0.003%
Zinc (Zn)	0.20%

Organic:

Fulvic Acid	1.00%
-------------	-------

Derived From: Ammonium Nitrate, Urea, Ammonium Sulfate, Monoammonium Phosphate, Zinc Sulfate, Magnesium Sulfate, Magnesium Oxide, Copper Sulfate, Ferrous Sulfate, Manganese Sulfate, Sodium Molybdate, Sodium Tetraborate (Borax), Cobalt Sulfate, Citric Acid.

Fulvic Acids may enhance soil micronutrients availability within the soil, and may enhance nutrient uptake.

Caution: The application of fertilizers containing molybdenum may result in a forage crops containing levels of molybdenum which are toxic to ruminant animals.
